**XXXIIIth International Workshop
on High Energy Physics
Hard Problems of Hadron Physics:
Non-Perturbative QCD & Related Quests
08-12 November 2021**

- **New Results in Hadron Spectroscopy** 
- **Non-perturbative Methods for Soft Hadron Scattering** 
- **Quark-Gluon Matter at Finite Temperatures and Densities** 
- **Lattice simulations for hadron phenomenology** 
- **Chiral symmetry breaking in phenomenology and on the lattice** 
- **Progress in Confinement Problem** 
- **Rigorous Results in Gauge QFT** 

Thank You and Farewell !
