

# XXXIII International (ONLINE) Workshop on High Energy Physics "Hard Problems of Hadron Physics: Non-Perturbative QCD & Related Quests"

## Tuesday 09 November 2021

### Morning session 3: New Results in Hadron Spectroscopy (heavy quarks) (10:00-14:15)

-Организаторы: Alexander Berezhnoy

time	[id] title	presenter
10:00	[6] Double-J/psi system in the spotlight of recent LHCb data	Dr NEFEDIEV, Alexey
10:30	[50] Inclusive Decays of Heavy Quark Hybrids	MOHAPATRA, Abhishek
11:00	[5] SU(3) hybrid static potentials at small quark-antiquark separations from fine lattices	WAGNER, Marc
11:30	[42] Spectroscopy of exotic mesons from lattice simulations	PRELOVSEK, Sasa
12:00	Break	
12:15	[57] Production of D-wave states of bc quarkonium at the LHC	BELOV, Iliia
12:45	[71] Heavy exotic mesons at LHCb	VOROBYEV, Vitaly
13:15	[58] Discussion 3	VAIRO, Antonio
