

XXXIII International (ONLINE) Workshop on High Energy Physics "Hard Problems of Hadron Physics: Non-Perturbative QCD & Related Quets"

Thursday 11 November 2021

Evening session 8: Rigorous Results in Gauge QFT (15:30-19:00)

-Организаторы: Alexandre Kisselev

time	[id] title	presenter
15:30	[16] Rigorous reconstruction of gluon propagator in the presence of complex singularities	HAYASHI, Yui
16:00	[49] Studying mass generation in Landau-gauge Yang-Mills theory	EICHMANN, Gernot
16:30	[28] Anomalies for anomalous symmetries	Dr KARASIK, Avner
17:00	[4] The mixed 0-form/1-form anomaly in Hilbert space: pouring new wine into old bottles	Prof. POPPITZ, Erich
17:30	[52] Some Recent Results on Renormalization-Group Properties of Quantum Field Theories	Prof. SHROCK, Robert
18:00	[62] Discussion 8	Prof. SHROCK, Robert
