

XXXIV International (ONLINE) Workshop on High Energy Physics

From Quarks to Galaxies: Elucidating Dark Sides

Topics:

- *Gravitation & Cosmology*
- *QCD and related topics*
- *General Quantum Field Theory*
- *History, philosophy, methodology of QFT, QCD, gravitation and cosmology*

<https://indico.ihep.su/e/hepftXXXIV>

Advisory Committee

N. Achasov (Sobolev Institute of Mathematics, Novosibirsk)
A. Andrianov (Physical Faculty, Saint Petersburg State University)
I. Arefieva (Steklov Mathematical Institute, Moscow)
I. Dremin (Lebedev Physical Institute, Moscow)
A. Likhoded (Logunov IHEP, Protvino)
V. Savrin (Faculty of Physics, Lomonosov Moscow State University)
O. Teryaev (JINR, Dubna)
A. Zakharov (National Research Nuclear University, Moscow)
V. Zakharov (Alikhanov ITEP, Moscow)

Organizing Committee

V. Petrov (Chairman)	R. Rogalyov
R. Ryutin (Co-chairman)	Yu. Pirogov
V. Borneyakov	O. Zenin
Yu. Kharlov	R. Zhokhov
V. Kotliar	Yu. Zinoviev

E-mail: hepft2022-hposi-questions@ihep.ru

November 22-24, 2022

Logunov Institute for High Energy Physics (IHEP)
of NRC "Kurchatov Institute"
Protvino, Moscow region, Russia
