

# XXXV International Workshop on High Energy Physics "From Quarks to Galaxies: Elucidating Dark Sides"

## Tuesday 28 November 2023

**Afternoon session 28/11/2023: Chairpersons: Vladimir Soloviev (NRC KI - Logunov IHEP, Protvino) (15:00-20:45)**

time	[id] title	presenter
15:00	[23] Astrophysical tests of general relativity	Prof. ZAKHAROV, Alexander
15:45	[2] Regular Black Holes	Prof. BAMBI, Cosimo
16:30	Coffee break	
16:50	[24] Black holes with electroweak hair	Prof. VOLKOV, Mikhail
17:35	[44] New results on the conformal anomaly and anomaly-induced effective action of gravity	Prof. SHAPIRO, Ilya
18:20	[25] Kerr black holes and massive higher spins	Dr SKVORTSOV, Evgeny
19:05	[26] General discussion - 2
