

XXXV International Workshop on High Energy Physics "From Quarks to Galaxies: Elucidating Dark Sides"

Friday 01 December 2023

Morning session 1/12/2023: Chairperson: Alexandre Kisselev (NRC KI - Logunov IHEP, Protvino) (9:00-12:45)

time	[id] title	presenter
9:00	[11] Standard quantum field theory from entangled relativity	Prof. MINAZZOLI, Olivier
9:45	[48] The theory of gravity in the limit of Newton's constant tending to zero	Dr ZAKHAROV, Valentin
10:30	[58] Contextual realism in physics	Dr PRIS (И.Е. ПРИСЬ), Francois-Igor
11:15	Coffee break	
11:35	[50] The Equation of State and Multiple Particle Production	ROGALYOV, Roman
12:20	[51] General solution of the Schrödinger equation	Dr SERGEENKO, Mikhail
