

XXXVII International Workshop on High Energy Physics

“Diffraction of hadrons: Experiment, Theory, Phenomenology”

Tuesday 22 July 2025

Afternoon session (15:00 - 18:30)

-Conveners: Roman Ryutin

time	[id] title	presenter
15:00	[2] Multiplicity distribution and the reflective scattering	TROSHIN, Sergey
15:45	[3] Increase of the Coalescence Coefficient in Diffraction Processes	VECHERNIN, Vladimir
16:25	Coffee break	
16:45	[8] Multiplicity Distributions and Modified Combinants in the Multipomeron Model of pp Interaction at High Energies	KOVALENKO, Vladimir
17:30	[13] General discussion 1: Discussion leader: Sergey Troshin
