

XXXVII International Workshop on High Energy Physics

“Diffraction of hadrons: Experiment, Theory, Phenomenology”

Wednesday 23 July 2025

Morning session 3 (10:00 - 13:30)

-Conveners: Anatoli Samokhin

time	[id] title	presenter
10:00	[14] Ultra peripheral collisions at ALICE	KRYSHEN, Evgeny
10:45	[7] Unified Description of Elastic Hadron Scattering at Low and High Energies	SELYUGIN, Oleg
11:30	Coffee break	
12:00	[15] Coherent photoproduction of light vector mesons off nuclear targets in the dipole picture	TREBIEN, HAIMON
12:45	[16] J/Ψ -meson photoproduction off the nucleon in a dynamical model	KIM, Sangho
